BOARD OF GOVERNORS

By FOLIO Staff

The University Board of Governors and its Executive Committee met May 4, 1973.

STUDENT APPEAL PROCEDURES

Board members approved a resolution that clarifies the separate jurisdictions of the Board and General Faculties Council on the matter of academic appeals. In essence, Council will hear student appeals against decisions made on the substance of academic matters; the Board will hear appeals only on the procedure followed in making those decisions.

The Board resolution follows:

WHEREAS a question has arisen as to the duty of the Board on receipt of a petition from a student asking the Board to intervene in or to sit in appeal on or to review an academic decision made by General Faculties Council (which for the purposes hereof includes any person or body over whom General Faculties Council has jurisdiction in academic matters):

RESOLVED that so long as General Faculties Council continues to exercise jurisdiction to hear and determine appeals from students on academic matters within the terms specified in the report by the *ad hoc* subcommittee of the General Faculties Council Executive Committee, that the Board refuse to interfere in or to sit in appeal on or to review the decisions of General Faculties Council thereon

PROVIDED that nothing herein shall preclude the Board from interfering in or sitting in appeal on or reviewing any decision of General Faculties Council where the reason for such interference, appeal, or review is in substance something other than an academic judgment or an academic discretion.

APPOINTMENT

ERWIN MIKLOS, *Professor of Educational Administration since 1967, has been named Chairman of that department. He succeeds G. L. MOWAT, whose five-year term expires June 30, 1973. Dr. Miklos holds BA and BEd degrees (with Distinction) from the University of Saskatchewan, as well as an MEd and a PhD in Educational Administration from this University. He spent 11 years as a teacher and principal at schools in Saskatchewan and Alberta before joining the staff here in 1962. In addition to teaching, Dr. Miklos has supervised student research and has conducted his own research on organizational and administrative aspects of the school.*

BEER AND WINE OUTLETS

The Vice-President (Finance and Administration) or his designate has been authorized by the Board to sign and submit applications for licences to the Alberta Liquor Control Board (ALCB).

The Board of Governors authorized its Executive Committee to make decisions on proposals for beer and wine outlets on the campus. At present, outlets are planned for Room at the Top in the Students' Union Building, and Lister Hall. These have been approved, without renovations, by the ALCB.

Prices of beer and wine sold on campus will be set by the Board of Governors but must be competitive with prices in the area and must be approved by the ALCB.

COURSE AUDIT FEES

A Finance Committee recommendation that course audit fees be increased was approved at the Board meeting. Effective April 1, 1973, the fees are \$25 for a half-term course and \$50 for a full-term course. Earlier this year course audit privileges, previously confined primarily to students, were extended to include members of the public.

RADIATION SAFETY COURSES

The Radiation Control Committee is planning to hold another series of Radiation Safety Courses for individuals using, or planning to use, radioactive materials at The University of Alberta.

These courses are designed to give individuals, primarily at the technician level, some basic training in the safe use of radioactive materials in the laboratory.

However, graduate students, faculty, and other interested individuals are welcome.

The next course is scheduled to begin on June 4, 1973. Enrolment in the courses is restricted to 15 persons. Individuals interested in attending a course can obtain registration forms from the Radiation Control Office by telephoning 432-5655. There will be a fee of \$1 per course participant to cover the cost of training manuals.

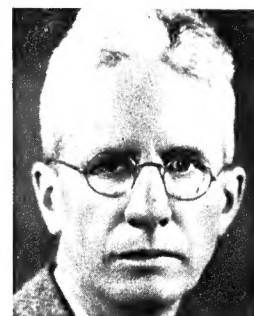

R. K. GORDON 1887 - 1973

ROBERT KAY GORDON, Professor Emeritus of English, died May 14, 1973 in Penticton. He was 85.

Dr. Gordon obtained his BA and MA degrees from the University of Toronto in 1909 and 1911, respectively. He also received a BA from Magdalen College, Oxford University, in 1912 and a PhD from Toronto in 1920.

He taught English and History at the University of New Brunswick for one year before accepting an appointment as Lecturer in the Department of English at this University in 1913. Six years later he was named Professor of English; in 1937 he became head of the department. He was elected Fellow of the Royal Society of Canada in 1938.

When Dr. Gordon retired in 1950, the Council of the Faculty of Arts and Science passed a motion from which the following excerpt has been taken: "Dr. Gordon's books and articles have added lustre to his career and reflected credit upon this University. He is widely known for his work on Anglo-Saxon poetry, Chaucer, Sir Walter Scott, and other subjects . . . He has been to us a model of integrity, whom we shall long remember for his keen wit, his never-failing modesty, the pithy brevity of his speech, his broad and generous tolerance, and his quiet insistence on standards. He has inspired warm personal affection in generations of students and colleagues."
